Datum

19. September 2023

Dear Family Serrano Céspedes,

with great shock and sadness we received the news of Ana Maria's sudden and tragic death. In the name of our school community I would like to express our deepest condolences. Our hearts and thoughts are with you in this time of uncomprehendable grief.

From her time in Marienau we remember Ana Maria as a happy and polite member of our school community. She was reliable, eager to give a good performance in school, was well liked and always respectful and friendly to the people around her. The time during the pandemic was not an easy time for her to spend a year abroad but she mastered this difficult situation far from home in an admirable manner pursuing her dream to study medicine one day.

For these grievous and challenging days and weeks we wish you the needed strength, the consoling presence of the people around you and God's blessing. With so much taken from you so suddenly we wish you to keep all the good and loving memories of this wonderful person in your hearts and minds.

Lars Humrich
for the school community of Marienau
